

POLICE ROUT 'REDS' AS CONGRESS OPENS

FIRST ALIENIST WILL TESTIFY TODAY IN TRIAL

Takes Steps To Suppress
Flea in Slaying of
Kenton Man.

MOTHER CRIES ON STAND

Members of Willis' Family Tell
Story That Youth Is
Insane.

Special to The Star
O. Dec. 1—The first
witness called to support
the plea of James Willis,
the witness stand here this af-
ternoon.

H. D. McIntyre of Cin-
cinnati, a member of
the University of
Cincinnati, testified that
Willis pleaded not
guilty to the murder of
Edward K. Anselmy.

The opening session of court to-
day was taken up for the most
part with arguments of counsel over
the admission into court records
of the statements of two relatives
of Willis. Trial Judge H. H. Hays
sustained the state's objec-
tion to the records.

Dr. J. Taylor of Marion, sister
of Willis, testified that he
was told of her brother's
murder while he worked for
her in a Marion garage
shop. She told of her visit to
Marion where Willis was
after the shooting and
of her observation he was
insane.

The witness stand Satur-
day afternoon, the parents of young
Willis declared in their opinion the
boy was sane and doesn't know
what he is doing.

The mother while on the stand,
wept down and cried when she
was asked how her son had come
to be in the hospital. She was
telling her that people
were under the impression
that he was talking about
himself and that he was
talking about his own
mind.

Father Recalled
The father who had been on the
stand most of the forenoon, was
asked during the afternoon by
the state to ask to his opin-
ion whether or not the son's
mind was sane.

Defense witnesses Saturday af-
ternoon aside from the parents
were Paul Albert of Kenton, grad-
uate of the Ohio State University
and friend of the defendant,
the father from the Antonio hos-
pital where Willis was taken with
a wound in his leg, Edward Kel-
ton, an employee in the machine
shop operated by Willis' father, and
James Quinn of the firm of Quinn
& McKee, contractors, and former
friend of the Willis family.

When hearing was resumed Sat-
urday afternoon, Albert again ob-
served the witness stand and told
the jury that he had seen Willis
in the hospital and that in Albert's
opinion the defendant was insane.
He was submitted to lengthy cross
examination.

When he fell over the courtroom
floor, the mother of the defendant
stood up. She was quietly
telling the jury and neck with white
clothes she wore a black hat. In
her testimony she told of
her own and of her

DEATH ENDS LONG MILITANT CAREER OF 'MOTHER' JONES

Noted Friend of Labor, Past 100-Year Mark, Finally
Surrenders in Closing Battle of Turbulent Life.
Ill More Than Year.

By United Press
SILVER SPRING, Md., Dec. 1.—
Mother Jones died last night. She
died as she lived, a fighter.
This daughter of an Irish rebel
was more than 100 years old. A
kindly heart, active spirit and
vigorous body led her into a
crusade for the laboring man.
Often the way led through blood-
shed and violence. But Mother
Jones emerged unharmed to die in
an old-fashioned farmhouse in the
tranquil Maryland countryside.

Death ended the career of the
militant laborite at 11:55 p. m. Dr.
H. H. Howlett, driving rapidly over
fog blanketed country roads from
Silver Spring, arrived at 1 a. m. in
answer to an urgent summons.

The news spread quickly, de-
spite the isolated location of the
farmhouse of Mr. and Mrs. Walter
Burgess, where Mother Jones had
stayed, her small figure propped in
a four-poster bed, since she was
taken ill there a year ago. Thanks-
giving day.

Tributes to Mother Jones came
speedily.

Tribute from Green
"In the death of Mother Jones a
unique and picturesque figure has
been removed from the ranks of
labor," said President William
Green of the American Federation
of Labor.

"The loss sustained cannot be
measured and the services she ren-
dered will never be surpassed or
excelled."

Her body will be taken tomorrow
for burial.

Shirea was hit by an automobile
Saturday at midnight at an inter-

Three of the seven persons killed
were from Columbus, according to
the Associated Press. One was from
Toledo, one from Chillicothe, one
from Sandusky, and one from Mt.
Vernon.

Mrs. C. G. Smith, wife of Dr.
Smith of South Prospect street, was
severely injured when her coupe
skidded on the icy street and ran
into a tree on South Prospect street
Saturday at 3 p. m. The accident
occurred near Washington avenue.

Mrs. Smith suffered a broken
right knee, a fractured upper jaw
and cuts about the face. Dr. Schaf-
fer of Columbus, plastic surgeon,
was called to Marion to attend the
facial injuries. She was taken to
City hospital in the M. H. Gunder
invalid car.

Shirea's body was brought to the
W. C. Boyd funeral home on South
Main street to await funeral ar-
rangements. He was the son of
Mrs. Elizabeth Hoagland of the
Green Camp pike and the brother
of Mrs. C. K. Lee of Silver street.
Mrs. James Lee of the Green Camp
pike, William Shirea of Commercial
street, John Shirea of LaRue and
Mrs. M. L. Stevenson of Columbus.
Thomas Carroll of Columbus is
being held by police pending an
investigation of the accident. He
was arrested at White Cross hospi-
tal. According to his story to the
Columbus police, he declared he
was driving between 30 and 35
miles an hour, and, according to
police records.

Identified by Friend
He told Police Capt. Dunn that
Shirea hesitated while crossing the
street and that he swerved his car
in an effort to miss Shirea, but
struck him and knocked him down.
Shirea's body lay in a Columbus
funeral parlor almost 12 hours be-
fore it was identified Sunday noon
by J. C. Maddox of Columbus, with
whom Shirea formerly roomed.

Relatives here said this morning
that Shirea had lived in Columbus
five or six years, and was a car-
penter by trade. Before coming to
Marion to make his home he lived
on a farm near Meeker, and prior
to that time, lived near LaRue.

40 KILLED IN RESCUE CLASH

Chinese Soldiers Die in Effort
To Save Women Held by
Bandits.

By International News Service
PEIPING, Dec. 1.—Forty Chinese
soldiers attempting to rescue an
American woman missionary and a
British nurse held for ransom by
bandits in the interior of Kansu
province were killed in an attack
upon the marauders, messages re-
ceived here today stated.

Urgent military assistance was
requested for the American mis-
sionary, Mrs. H. D. Hayward of
Seattle. Accompanied by Miss E.
Gomerall, the British nurse, she
was on the way to the hospital here
when held up at paoto and robbed
of all clothing in bitterly cold
weather.

Information received from a
Swedish rescue party active in try-
ing to rescue the women said that
eight Mongol warriors have been
assigned to guard the captives
with a force of 500 bandits in com-
mand of the vicinity near Lanchow.

A rescue party of Americans and
British army officers was in Paoto
today to press Chinese officials into
action to secure immediate release
of the captives.

A formal request also will be
laid before the Nanking govern-
ment in regard to the brutal treat-
ment to which the women sub-
jected.

DAVIS DELAYS TAKING OVER SENATE SEAT

Decides To Wait Pending In-
quiry Proposed by Nye
Fund Committee.

SPECIAL MEETING CALLED

Seek Facts About Reports of
Large Expenditures in
Pennsylvania.

By The Associated Press
WASHINGTON, Dec. 1.—James
J. Davis, secretary of labor, said
today he would not seek to take
his seat as senator from Pennsylv-
ania at the opening of congress,
in view of the request of Chair-
man Nye of the senate campaign
funds committee that he await
further investigation into election
expenditures.

Mr. Davis went to the capitol for
a conference with Senator Watson,
the Republican leader, several
hours before congress met.

Nye, independent Republican, of
North Dakota, announced last night
he would seek to bar the retiring
labor department secretary for one
or two days pending inquiry into
reports that expenditures in be-
half of Davis Brown had reached
over a half-million dollars. Francis
Shunk Brown was the unsuccessful
Republican gubernatorial pri-
mary candidate.

Special Meeting Called
A special meeting of the Nye
committee was called today to in-
quire into the new reports. Davis
declined knowledge of excessive
spending in his behalf.

Sensor Nye determined only yes-
terday to ask that Davis be denied
his seat temporarily. A prelimi-
nary report he had expected to
submit to the senate now listed
\$368,982 as the cost of the Davis-
Brown races, with only \$107,447 com-
ing from the Hoover cabinet of-
ficer's own pocket.

However, a report from special
investigators sent to Harrisburg
yesterday indicated an additional
expenditure of perhaps \$150,000
over the original figure of \$129,000
reported by Samuel Vaulcin, head
of the Davis-Brown campaign com-
mittee.

Nye thought his committee could
complete the study in two days.
Should the supplemental reports
prove correct, the campaign in-
vestigator said he would let the senate
decide how much of the money
went for Davis and what action
should be taken.

Piles Go Quick

Without Salves or Cutting
Thousands of Pile sufferers have learned that quick and permanent relief can only be accomplished with an internal medicine. Neither salves or cutting remove the cause. Bad circulation of the blood in the lower bowel causes piles. The veins are flabby, the bowel walls weak—the parts almost dead. To end Pile an internal medicine must be used to stimulate the circulation and strengthen the affected parts.
Dr. J. S. Leonard is the first to discover a real internal Pile remedy. He called his prescription HEM-ROID, and prescribed it for 1000 patients with the marvelous record of success in 960 cases, and then decided every Pile sufferer should be able to get HEM-ROID from their own druggist, with a rigid money-back guarantee.
Dr. Leonard's prescription has a wonderful record of success right in this city and Henney & Cooper invites every Pile sufferer to refund the purchase price if it does not end all Pile misery.—Adv.

Below is a reproduction of the appeal sent out by the Welfare commissary under whose auspices the various charitable and city agencies are working, on cards distributed this week by the Boy Scouts. Persons who through absence were not reached in the distribution are requested to clip the card from the paper, and forward it to the board or call the commissary's temporary headquarters in the Y. M. C. A. building.

With the cold weather bringing to the commissary a large number of calls for clothing, shoes, bedding and stoves together with food and other articles, it is difficult to arrange for the gathering up of all the contributions at once, and for this reason those in charge of the work are asking that persons who can conveniently bring their contributions to the Y. M. C. A. building, do so and in this way assist in the immediate relief of those asking for help.

U. S. Rules Samoa With "Benevolent Monarchy"

WASHINGTON—The most absolute monarchy in the world flourishes under the auspices of the United States of America.

It is a benevolent government, so successful that many of the "subjects" prefer it to a representative rule.

The monarchy is American Samoa, a group of islands lying in the mid-Pacific some 2,000 miles below Hawaii and within a few degrees of the equator.

The government of Samoa is unique. Its 10,000 people, governed by the United States, are still not a part of it. Its ruler is usually a U. S. navy captain, and he has the power of life and death.

May Be Changed.
All this will be changed, if a congressional commission, headed by Senator Bingham, Republican of Connecticut, has its way. The commission visited Samoa during the autumn, and is recommending that congress set up a representative form of government.

The commissioners found much to praise in the unique method of ruling people under the American flag.

The navy captain is governor of the islands. His "terms of office," by navy orders, is 18 months. He can make a law in the morning and send a native to jail in the afternoon for violating it, although the native never heard of the law. His command even is law.

Benevolent Rule

This despotism nevertheless has been benevolent, say the commissioners. In 30 years of this kind

of rule, they say, but one navy captain has given an unsatisfactory administration.

But the younger element of Samoa, having heard of the spread of democracy, want a hand in their own affairs. Some of the older chiefs are willing for the present regime to continue.

Samoa is Polynesian. They were, say Senator Bingham, originally Caucasian and came into the Pacific through Mongolia, where the racial strain was changed. They are, according to Bingham, high-spirited, high class people, with many able chiefs.

Clan Is Unit

Their life is communal, with the family or clan as the unit. The family, or clan, chooses a representative to sit on the chiefs' advisory council. There is the "fono," or native legislative body. But it is merely advisory to the monarchical navy captain.

The navy has adopted a policy of keeping Samoan for the natives. It does not permit those with white blood to own land. It freely exiles unwelcome visitors.

DRESSLER AND BEERY TEAM TO TURN OUT PICTURE AT PALACE

"Min and Bill" Is Story of Waterfront Life Along Pacific.

BY HAHLE MOUCK
MARIE DRESSLER and Wallace Beery. A comedy team if there ever was one. They're coming to the Palace Tuesday, Wednesday and Thursday in "Min and Bill," a story of life on a waterfront along the Pacific coast.

San Pedro's fishermen of every nationality enjoyed an experience unique in their humdrum lives when they appeared as picture actors in the new Dressler-Beery picture, "Min and Bill." The show was taken from the novel "Dark Star," written by Lorna Moon.

Marie Dressler never went to school but was taught reading, writing and arithmetic by her mother. She learned geography by touring the country. Since her first public appearance at the age of 8, she has done everything from chorus work to starring roles.

Wallace Beery ran away from home when he was 16 to travel with the elephants of Ringling's circus. His ability to sing and dance got him a job with Henry W. Savage in musical comedy. He established himself as a comedian and was offered screen contracts with the old Essanay studios in Chicago. His gift for "heavy" parts soon transferred him into that line. His first lead notice came in "The Four Horsemen of the Apocalypse." From then on he has played in many pictures. His most outstanding characterization to date was as "Butch" in "The Big House."

With two such careers behind them, these two veterans should give us a treat as "Min and Bill." The show was taken from the novel "Dark Star," written by Lorna Moon.

Letters, writings, publications and kindred occupations are under fortunate auspices, but employment may give concern, and the affairs are under menace of fraud or treachery from an unexpected source. Personal correspondence may bring benefits.

Those whose birthday it is may expect a very lively interesting year, with many avenues of business and intellectual pursuits flourishing. Letters, writings, publicity, may bring gratifying returns. But beware fraud and duplicity, and safeguard the employment. A child born on this day should be versatile, artistic and intellectual, and should succeed in cultural lines, on its own account rather than in employment of others.

MAN'S CONQUEST OF WEST IS THEME OF "THE BIG TRAIL"

Westward Trek of Hardy Pioneers Pictured in Great Talkie.

THE BIG TRAIL, coming at the Palace tonight, is one of the recommended first-class westerns. The story is a tale of the conquest of the West, and is a work of art. It is a story of the life of a man who has come to the West and has found love and adventure. The story is a tale of the conquest of the West, and is a work of art. Wallace Beery ran away from home when he was 16 to travel with the elephants of Ringling's circus. His ability to sing and dance got him a job with Henry W. Savage in musical comedy. He established himself as a comedian and was offered screen contracts with the old Essanay studios in Chicago. His gift for "heavy" parts soon transferred him into that line. His first lead notice came in "The Four Horsemen of the Apocalypse." From then on he has played in many pictures. His most outstanding characterization to date was as "Butch" in "The Big House."

With two such careers behind them, these two veterans should give us a treat as "Min and Bill." The show was taken from the novel "Dark Star," written by Lorna Moon.

Marie Dressler never went to school but was taught reading, writing and arithmetic by her mother. She learned geography by touring the country. Since her first public appearance at the age of 8, she has done everything from chorus work to starring roles.

HARDING NETSQUAD TO BE CUT THIS WEEK

FOOTBALL MEN WILL REPORT TODAY FOR INITIAL PRACTICE

Coach Bohyer To Form Class League for Players Not on Varsity.

INTENSIVE practice sessions will be started this week by Harding high school's basketball squad in preparation for the Presidents' opening game of the season Friday night, Dec. 12, against Kenton high school at Kenton, Coach Dewey N. Mohyer said today.

Although practice was started at the high school gym last week, none of the football men took part since they were given a week of rest before tackling the cage sport. All football men who are adept also at basketball, however, will report this afternoon for their first workout.

A squad of 35 reported to Bohyer and his assistant, George Williams, last week and the addition of football men today will swell the group to beyond the 50 mark, Bohyer said.

The process of elimination, with the aim of cutting down to a workable group of 20 varsity men, will occupy the attention of Bohyer and Williams this week.

Men who are cut from the squad, however, will not be "through" as far as this season is concerned, since an inter-class league will be organized for all who are dropped from the varsity group. As the men show improvement, they will be graduated into the varsity, according to Bohyer.

Only five lettermen are available from last year's team. The list includes Dave Merkel and Dick Morgan, forwards; Bob Smith, center; Bob Bush and Junior Clay, guards; John Pickrel, forward, is another veteran back although he did not win a letter.

The Presidents will play their first home game on Dec. 19, one week after their opener with Kenton, when Delaware comes here. Mansfield will provide the first N. C. O. opposition here on Friday night, Jan. 2.

Shave Named as Golf Pro at Cleveland Club

CLEVELAND, Dec. 1 — Bob Shave, one of the leading golfers in the midwest, will serve as professional at the Manakiki Country Club here next season, it was learned today.

Shave, who was a competitor in several of the professional tournaments held in the United States during the past season, will succeed Lloyd Gullickson, district open champion, who resigned.

PRO BALL MEN MEET

Problem of Universal Draft Faces Sessions of Baseball League.

MONTREAL, Dec. 1—The problem of the universal draft, advocated by the major baseball leagues and strongly opposed by many of the minors, is expected to furnish the principal subject for discussion at the meetings of the National Association of Professional Baseball Leagues and at the independent meetings of many of its members here this week.

Although the seasons of the national association are scheduled to open Wednesday and close Friday, the baseball moguls get down to business today when the International and Pacific Coast leagues meet and similar meetings all through the week will occupy the 1936 or 1937 season from all parts of the United States and from Montreal and Toronto in Canada.

CARNERA IS AWARDED VERDICT IN BATTLE WITH SPANISH BOXER

English Referee Casts Deciding Vote After Bout Which Attracted 90,000.

By The Associated Press
BARCELONA, Spain, Dec. 1—It took an English referee, Moss DeYoung, to settle the boxing war between Italy and Spain in which Primo Carnera and Paulino Uzcudun were the armies.

DeYoung cast the deciding vote in favor of Carnera yesterday and raised the excitement of the crowd of 90,000 to its highest pitch.

The two judges disagreed after 10 rounds of close battling and they stuck to their opinions today. The Spanish judge, Casanovas, said that he believed Paulino should have been given the decision by a very slight margin, while the Italian judge, Mazzia, gave his opinion not only that Carnera had won but that he should be matched with Young Stribling, Jack Sharkey and Max Schmeling as foremost contender for the world's heavyweight championship. DeYoung said he saw a future world's champion in Carnera.

Although Paulino appeared somewhat battered at the end of the 10 rounds, neither boxer suffered any serious damage.

The Associated Press score sheet credited Paulino with winning the fourth, fifth and sixth rounds and scored the third as even. The rest were given to Carnera. The Italian weighed 269½ pounds, Paulino 206½.

ROCKNE MEN BOUND FOR WEST IN QUEST OF NATIONAL TITLE

Two Notre Dame Regulars Hurt in One-Point Victory Over Army Saturday.

By WILLIAM WEEKES
Associated Press Sports Writer
CHICAGO, Dec. 1—Notre Dame's football riders today faced a long journey, at the end of which lies their last and probably toughest game of a long, tough campaign. At 3:30 this afternoon, 33 players, coaches Knute Rockne, Hunk Anderson and Jack Chevigny, were scheduled to leave Chicago for Los Angeles where Southern California's formidable Trojans, now apparently at the peak of their power, will be met Saturday.

The game will be the final of Notre Dame's "suicide" schedule of 10 contests against first-class opponents, and on its outcome depends Notre Dame's hope for national gridiron honors and the successful accomplishment of about the most difficult schedule ever attempted by any team.

The Irish emerged from their lone point victory over the Army Saturday, with only two casualties. Fullback Larry Mullins and Captain Tom Conley, end. Mullins, who has been battered until he is somewhat fragile, is expected to be back in condition by Saturday, as is Conley whose injuries were minor.

The squad will stop off at Tucson, Ariz., early Wednesday for two days of practice and will not reach Los Angeles until Friday night. They will not be without company and support, for two special trains have been chartered to carry a couple of bands of the more rabid type of Notre Dame enthusiast to the battle ground.

Reports from the coast reveal that the Trojans are expected to win by four touchdowns. Rockne has contradicted this to the extent of saying Notre Dame should lose by not more than two touchdowns and that he isn't so certain Notre Dame won't win.

May Rise to Heights
The road has been long for Notre Dame, and may prove to be just a little too long by Saturday, but Rockne is figuring on something more than the football ability and fighting qualities of his men. He believes that they will rise to super heights to battle for a victory which would mean so much. Notre Dame has not lost a game since 1928, and the Irish will put up an awful struggle before falling at the doorstep of new fame for Notre Dame.

Dozen Games Listed
There are close to a dozen other games on Saturday's schedule. In the east Navy clashes with Penn at Philadelphia; New York university attempts to stop Colgate's high-powered eleven in New York; Carnegie and Washington and Jefferson put on their postponed duel at Pittsburgh, and Western Maryland, only eastern team unbeaten, takes on Maryland at Baltimore.

In the Southern conference, Georgia and Georgia Tech meet in their annual battle at Atlanta; Florida and Tennessee are matched at Jacksonville; and Duke plays North Carolina at Chapel Hill. Loyola of New Orleans, a member of the Southern Intercollegiate Athletic association, faces the University of Detroit at New Orleans. In the southwest, Tulsa's unbeaten and untied eleven clashes with the Haskell Indians at Tulsa and Iowa State travels to Houston, Texas, to take on Rice of the Southwest conference.

SHAMROCKS WIN
CHICAGO, Dec. 1—The Chicago Shamrocks were tied today for first place in the American Hockey league after defeating the St. Louis Flyers, 3 to 1, last night before a crowd of 6,000 persons at the stadium.

BIKE RACE
NEW YORK, Dec. 1—The semi-annual epidemic of insomnia occasioned by the six-day bike race struck New York early today as 15 teams of pedal pushers started on the road to nowhere in the pine sauce at Madison Square Garden.

FIGHTING IRISH DEFEAT ARMY

Playing in a driving rain on an icy field, Knute Rockne's fighting Irish of Notre Dame kept their football slate clean by defeating the Army team, at Soldier Field, Chicago, by a score of 7 to 6. The game, desperately fought, was played before a crowd of more than 100,000. Photo shows Lukats of Notre Dame being tackled on the Army's 40-yard line, without a gain on an attempted end run.

BASKETBALL TO GET IN MOTION THIS WEEK

Sunday School Leagues, Y-Indus and St. Mary's Booked for Contests.

With St. Mary's having cracked open the local basketball season last Friday night with a 16 to 11 victory over the Sidney Holy Angels, the winter sport will get under way in earnest here this week.

Y-INDUS FIVE MEETS COLUMBUS QUINTET

Former Collegians Make Up Team To Play Here.

Bonzing a lineup of former college and Columbus high school stars, the Columbus Amerigo cage team will come here Wednesday night to meet the Shovel Y-Indus five in the latter's first home appearance after having won from Kenton high school and New Washington on foreign floors last week.

Harold Emerick, Ohio State pole vaulter two years ago, will jump center for the team, while Eugene another former Buckeye grid and cage star, will be seen at guard. Jimmy Tapp, former captain of the Purdue freshman team, will play a forward.

The Amerigo team is well known here, having been defeated by the Y-Indus last year, 27 to 25, and 19 to 15. The latter game was a preliminary to the Harding-Zanesville high school contest.

The Amerigos for six years have won the Columbus Y. M. C. A. league championship and last year were runners-up in the Columbus Sunday School league.

The game will be played at the Marion Steam Shovel auditorium and will start at 8 p. m. with a preliminary at 7:15 p. m. between the Marion Business College and the Harding vocational team.

Gillis and Roush probably will start at the forwards for the locals with Lockwood at center and Cram and Keller or Osterholt at the guards.

MACALUSO LEADS
NEW YORK, Dec. 1—Len Macaluso, Colgate star, today stood as winner of the national individual football scoring honors by a big margin. The New York player's total was 144 points. His nearest eastern rivals were Grossman, Rutgers, and Goff, Rhode Island, who scored 96 points each.

ASHEVILLE IS WINNER
CLEVELAND, Dec. 1—Members of the women's polo team of Asheville, N. C., were to leave for home today, after winning the third of a series of matches from the Cleveland Women's polo team at the Calvary Armory here yesterday. The Asheville team, national women's champions, won the game by a score of 9 to 4.

FINDLAY, BOWLING GREEN PLACE FOUR MEN ON ALL-STAR 11

Chapman, Bee Gee Tackle, Is Given Position on Mythical Team for Third Time.

By International News Service
COLUMBUS, Dec. 1—Findlay, Northwest conference champion ship eleven, and Bowling Green, one of the few undefeated teams in Ohio, divided honors today when each team placed four players on the 1936 all-Northwest conference football team selected by the coaches and Ivan E. Lukats, reference statistician.

Bluffton was given one position and Defiance two. Toledo, the other members of the group failed to land a single berth on the first team.

Nine of the positions were awarded by unanimous choice, only two places being questioned.

The first team:
Ends—Brobeck, Defiance, and Geiger, Bluffton.
Tackles—Chapman, Bowling Green, and Taylor, Findlay.

Guards—Titworth, Findlay, and Marsh, Bowling Green.
Center—Stevenson, Bowling Green.
Quarterback—Perry, Bowling Green.

Halfbacks—Conkey, Defiance, and Buttermore, Findlay.
Fullback—Fouts, Findlay.
The second team:
Ends—Meiger, Findlay, and Mussel, Toledo.
Tackles—Harste, Toledo, and Hissons, Toledo.

Guards—Bowers, Defiance, and Traub, Bowling Green.
Center—Hasson, Bluffton.
Quarterback—Blauvelt, Findlay.
Halfbacks—Pencheff, Toledo, and Mohr, Bluffton.
Fullback—Gill, Bowling Green.

Brobeck was unanimous choice for end. He was a power at the flank position at all times. Geiger was the best man on the Bluffton line.

Chapman Honored
Chester Chapman of Bowling Green was also an unanimous choice for tackle again, thus winning the honor for the third time. He was the first Northwest conference man to ever earn a post on an all-Ohio team, that in 1929. The wealth of good tackles in the state Continued on Page Fifteen

Ram Suggested as Symbol for Buckeye Teams

COLUMBUS, O., Dec. 1—Is a male sheep ferocious enough to represent Ohio State athletic teams?

That question is causing a miniature war among members of the committee appointed by the student senate to find a new nickname for the Buckeyes.

It took them hours to agree that a male sheep could be called a "buck" as well as a "ram" and now they can't agree whether a "buck" is really a vicious beast or merely a quiet harmless animal. A certain faction of the committee is in favor of retaining the name "Buckeye" and using a ram as a symbol.

The committee, headed by Edwin Schoenleber of Marysville, and composed of Columbus newspaper men and outstanding students at Ohio State, will meet again officially Wednesday to decide upon the new name. The student senate appointed the group following the appearance of an editorial in the Lantern, university daily, suggesting a change.

TEN TEAMS REMAIN UNBEATEN AS GRID SEASON NEARS END

Heidelberg's Strong Eleven Included in List of Nation's Undefeated Teams.

By The Associated Press
One more team was eliminated from the nation's list of undefeated and untied football teams last week when Oklahoma City fell before Tulsa Thursday in a battle of unbeaten eleven. Ten more remain, several with their seasons safely ended.

Although Mount Morris of Illinois tops the list with the highest scoring total of the five teams which have won nine games apiece, Alabama and Notre Dame are the real leaders with Washington State running neck and neck with them.

Utah, which added 41 points to its total last week, is the highest scoring unbeaten team. The Indians have scored 340 points to 20 for their opponents. Alabama still shows the best defensive record,

HARDING GRID TEAM TO BE HONORED AT BANQUET TUESDAY

Bacon To Speak to Presidents at Turkey Dinner; Letters May Be Awarded.

MEMBERS of the 1936 Harding high school football squad will be feasted Tuesday at 6 p. m. at the annual grid banquet, to be tendered them at the Y. M. C. A. The banquet is sponsored by the Harding High School Athletic association and will attract approximately 45 players in addition to other guests. It will be a turkey dinner.

Francis Bacon, personator for at the Marion Steam shovel Co. and prominent sports attorney, will be the principal speaker. Bacon is expected to tell of his own experiences as an official in all branches of sports. He formerly was an all-around star at Wabash college in Indiana.

Letters may be awarded at the banquet, but Coach Dewey N. Bohyer said today they must arrive in time to be given out. The letters are not available in names of the men who will receive the awards probably will be at the banquet, he said.

Superintendent George A. Bowman, Principal K. H. Marshall, P. C. Gegenheimer, president of the board of education, and George Williams, assistant coach, are slated for short talks. Bohyer will act as toastmaster.

Grange Leads Attack as Chicago Bears Win

CHICAGO, Dec. 1—The Chicago Bears occupied fourth place in the National Professional Football league today after a grueling battle with the Spartans of Portsmouth which ended in a 10 to 0 victory for the Chicago team yesterday.

With "Red" Grange, former American back of Illinois, leading the attack, the Bears won the game early. They punched over touchdowns in each of the first two quarters despite a thick mist which made the going hard for the backs.

Only 13 points having been tallied against the Crimson Tide. The list of unbeaten and untied teams follows: Mount Morris (Ill.); Alabama; Notre Dame; Washington State; Carbondale (Ill.); Utah; St. Olaf (Minn.); Heidelberg (O.); Fresno State (Cal.); and Tulsa (Okla.).

FIRE LOSS UP

McNeal-Wolford Building Blaze Boosts Total for Month.

Had it not been for the damaging McNeal-Wolford building fire last week, November would have been almost a record month so far as fire damage is concerned, records of Fire Chief T. J. McFarland show.

With the \$75,000 damage to the building and its contents included, last month must go down in the annals of the fire department as witnessing the heaviest loss in five years.

The department made 29 runs during the month to fires which did \$90,000 damage, not including the McNeal-Wolford building fire.

During November last year, the department answered 21 calls to fires which did \$1,527 damage.

Each Season Brings Demand for Something Different in Jewelry

and gleam of jewels are the precious stones. The woman gowned for the afternoon affair or informal dinner may select jewelry of elaborate design. Jewelry that suggests at a single glance rich velvets and laces.

The weight of an individual and the contour of the face should play an important part in the selection of jewelry. And the clever saleswoman will study her individual before she shows her wares. Nothing is perhaps so out of taste as to see a woman with the heavier chin line wearing a small strand of beads. The chain type of jewelry of some length lends itself to good advantage. Necklaces more than other pieces of jewelry should be selected according to the thickness of the neck and the fullness of the face.

Color combinations are another thing to be considered in choosing of any kind of jewelry. Neck pieces and bracelets should be of the same note and the color should be in direct contrast to the shadings of the gown.

Again in vogue are the rare bits of antique jewelry that were worn with the lace frills two generations ago. The large pin, made of coral, topaz, amethyst, garnet and onyx now lend charm to any dress costume. Many reproductions of the antiques are shown in Marion shops. They are mounted in gold or silver. Now is the time to revive the hieloom. Use it as a complement to add grace to your new winter costume.

The present day type of jewelry has been placed in three classes. The plain type for the business woman and sports wear, crystal and metal combinations for dress and informal functions, and the glittering court jewelry for evening. Earrings are long and are worn only when a necklace is not included in the ensemble.

Smart women and girls in semi-sport attire will wear jewelry that is kindred to their individual sport. Silver bracelets designed with footballs are now attracting the high school students. There is the dog bracelet and pins fashioned with a golf bag and clubs. Very clever is the pin with the horse and stirrups.

The necklaces and bracelets are works of art and would invite inspection at any of the shops that cater to this line of trade.

Crystals Correct

White crystals combined with the antique are considered the correct jewels to be worn with velvets. The necklaces are fairly long and may be of one, two or three strands. They are rich in elegance.

Other combinations for the velvet or chiffon gown are chains of amethyst or topaz combined with laces and designs of the antique metal.

Plain metal chains of heavy silver or antique gold, braided designs, or fashioned in the forms of snakes are new. They are to be found at many of the Marion stores and may be purchased at a moderate price.

There is no accessory in the stores today that offer such a variety of prices. Costumings, bracelets, necklaces and chains can be

bought at such a low figure that they are within the reach of all. But the more exquisite hand-wrought pieces gradually mount in price and several are listed at three figures.

Before we leave the subject of jewelry it is well to add that pearls are as popular as they were several centuries ago. They are shown in all lengths, ranging from the short necklace to the 18-inch strands.

When crooks don't reform, it is because they can't. They are like a speckled peach—you can't reform that.

ON DISPLAY TODAY

The Ford Victoria

A NEW FORD BODY TYPE OF DISTINCTIVE BEAUTY

TODAY, a new Ford body type of distinctive beauty is on display by Ford dealers in this city and throughout the United States. It is called the Victoria and is distinguished by many features of design, comfort and convenience. It marks a new degree of value in a low-price car.

The striking lines of the Ford Victoria are especially apparent in the graceful sweep of the straighter, lower top, the slanting windshield and the curving bustle back, with the spare wheel set at a conforming angle. There is a suggestion of continental design also in the shape and size of the side windows and the intimate four-passenger seating arrangement.

As you open the door and step within the car you will be impressed by the dignity and business of its appointments. Many details of finish reflect the mode and manner of a custom-built automobile.

The deeply cushioned seats are carefully tailored and upholstered in luxurious mohair or Bedford cord, optional with the purchaser. Both of the individual front seats have form-fitting backs and fold forward. The rear seat is low and comfortable, with side arm rests that contribute to easy riding. Satin-finish hardware gives a quiet touch of brightness.

Another appreciated feature of the new Ford Victoria is a choice of attractive body colors in rich pyroxylin lacquer. They complement its fresh new lines and contour and help to give it distinctive place on every highway.

See this beautiful new car today at the showrooms of the nearest Ford dealer and arrange for a road demonstration. You will find much to admire in its safety, comfort and alert, capable performance.

FAMOUS WOMAN LABOR LEADER DIES

W. M. Jones, 100, Loses
Battle of Long and
Turbulent Career.

At the Burgess Jones insisted on being taken to her room to greet them. The day after her death for Mother Jones, John D. Rockefeller, who had been bitterly and good sport," said Jones with her picturesque expression. "I've licked them, but now we've lost."

Rockefeller, Sr., Mother Jones wired him.

"Thank God we have some men in the world yet as good as you," Mother Jones had been in jail because of her agitation against Rockefeller interests. In black dress and bonnet she had gone into the fields and led the men into battle against the things the family represented. She had seen machine gun and bayonet in action, as in the Ludlow, Colo., killings of 1914 when mine guards shot down 21 women and children and a dozen men.

Other old-time enemies were not so easily forgotten. She gave \$1,000 a few weeks ago to continue her campaign against President John L. Lewis of the United Mine Workers of America. Later she tore up her will and contributed her savings, about \$10,000, to the cause of labor.

"Greatest Woman Patriot" Another tribute to Mother Jones came from Emmeline Pitt, United States commissioner connected with the office of the secretary of labor. She said:

Mary Jones was born in Cork, Ireland. Her father brought her to the United States and then went to Canada. She returned to Michigan, to teach school in Monroe. Then she married, only to lose her husband and four children in the terrible yellow fever epidemic of 1867.

She went to Chicago, only to lose what she had made in a second start when the great fire of 1871 destroyed her little dress shop. But her real career was on then, agitating constantly for the laboring men in strikes and troubles of all sorts.

From place to place she went, in and out of jail, deported from states, but never quitting. In her there was no compromise.

BULKLEY SWORN IN Great Interest Centers on Induction of New Ohio Senator.

Continued From Page One

By International News Service
WASHINGTON, Dec. 1.—Robert J. Bulkley of Cleveland, who was sent to the United States senate on an anti-prohibition platform by the voters of Ohio, was among five new senators eligible today to take their oaths of office in the reassembling congress.

Continued From Page One

The other eligible senators were: Dwight Morrow, Republican of New Jersey; Robert Carey, Republican of Wyoming; George McGill, Democrat of Kansas; and Ben Williamson, Democrat of Kentucky.

Continued From Page One

The ceremony today at which the new senators were to be sworn in, was to be held in the senate chamber with Vice President Curtis administering the oath. Bulkley was to be escorted to the vice president's chamber by Senator Simeon D. Fess of Ohio, national chairman of the Republican committee.

Continued From Page One

Considerable interest was held among political observers in Bulkley's advent into the senate, especially because he is regarded as a likely Democratic candidate for the Presidential nomination in 1932. Then too, the fact that the new Ohio senator won his seat in congress on a decidedly wet platform made Bulkley the cynosure of political eyes.

Continued From Page One

Marion today appeared to be in the path of a new blizzard from the northwest, which is predicted to bring sub-freezing temperatures to the city following a temporary respite from better temperature over the week end.
